At the Alpha Hub Service on October 18th at Crabbs Cross prayers were requested from each church as follows:

From Alcester - prayers requested for new members especially those capable and able to do the various jobs needed to keep the church active in the town. They also asked for prayers for the local Baptist church as well.

From Catshill - prayers were requested for young people starting to attend the church and for the Christmas Experience planned for December when many local youngsters will be attending.

From Crabbs Cross - prayers that their "Drop In", that has many folks with special needs attending, will be able to continue as it has had to be temporarily suspended due to the shortage of leaders

From Lickey End - prayers especially for theor Preschool who are facing some issues.

From St. Andrews - prayers for their coffee shop which has temporarily suspended due to lack of people able to both leader and support the activity.

Please include these situations in your prayers. Thank you.
